ABOUT

As an Assistant Software Engineer (ASE) at Nucleus Software Exports Limited, I bring a solid foundation in computer science, having graduated with honors from Integral University, Lucknow, with a BTech degree. In my current role, I have honed my skills in Spring, Hibernate, and JAVA, while also gaining hands-on experience with JavaScript, HTML, CSS, and React. Proficient in database technologies such as MySQL and Firebase, I adeptly utilize Git/GitHub for version control.

My commitment to continuous learning is evident through my proactive pursuit of new languages and technologies. I am engaged in personal projects and consistently participate in training and certification programs to stay at the forefront of the ever-evolving tech landscape.
